United Nation Sustainable Goal # 11

Sustainable Cities and Communities

PROBLEM/s:

- Traffic (peak-season)
- Pollution

Solution (proposed app)

- Application that shows available or rentable bikes around the city

- It also has guides to get to your destination(fastest route).

Think and feel

- I will enjoy the cold weather
- I will enjoy fresh air
- I will be physically fit

Say& Do

- Maximizing my time going around the city
- Having exercise at the same time having a nice vacation

See

- Clean environment
- Less traffic

Hear

- Approachable people
- Uphill roads
- Cold weather

Pain

- Uphill roads
- Thin air
- Unfit
- Not all can ride a bike
- Bike lanes

Gain

- Exercise
- Clean air
- Faster transportation during rush hours
