Customer Problems

- ▶ Hectic Schedules
- ▶ Laziness
- ▶ Location
- ▶ PWD
- ▶ Age

What has been done?

- ▶ Food Panda – They deliver food to customers anywhere within the city
- ▶ Grab Food in Manila – They also deliver food within the city

What has not been done?

- ▶ No apps that has been made that allows customers to order anything from markets, groceries, department stores, pharmacies and other establishments

Solutions

- ▶ An application that allows the customers to order goods such as vegetable, meat, and rice sucks. The application also allows the customers to order prescription medications online.
